## RENEWAL OF NON-HOMESTEAD MILLAGE

### ALLEN PARK PUBLIC SCHOOLS OPERATING MILLAGE RENEWAL PROPOSAL

This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, **except** principal residence and other property exempted by law, required for the school district to receive its revenue per pupil foundation allowance and renews millage that will expire with the 2022 tax levy.

*This is a non-homestead millage renewal which means there is no impact on homeowners.*

Shall the currently authorized millage rate limitation of 20.8769 mills (\$20.8769 on each \$1,000 of taxable valuation) on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Allen Park Public Schools, Wayne County, Michigan, be renewed for a period of 10 years, 2023 to 2032, inclusive, to provide funds for **operating purposes**; the estimate of the revenue the school district will collect if the millage is approved and 18 mills are levied in 2023 is approximately \$1,717,512 (this is a renewal of millage that will expire with the 2022 tax levy)?

*Operating purposes includes teachers, textbooks, basic school supplies and utilities such as heat, electricity and water.*

In November 2012, voters authorized 18 mills to be levied in 2014-2022. In March 2020, voters authorized 4 additional mills to be levied in 2020-2022 due to Headlee rollbacks because the district had fallen below the 18 mills.

At the November 2<sup>nd</sup> election, school district voters will be asked to vote on a RENEWAL of the 18 mills on NON-HOMESTEAD property for 10 years, since the existing levy expires in 2022. The State of Michigan requires that the full 18 mills be levied as part of the full state per student foundation grant.

**This proposal has no impact on homeowners property taxes.**
